Lakeshore

*Early Morn,
Dreams are born...*

*The lotuses bloom,
For whom?*

*They bloom for me and you,
A home, a lake, a magical view.*

*Every morning I awake
In a happy nest, by the lake!*

Hello 

Indukuri Lifespaces is the culmination of the extensive experience of The Indu Group with a renewed vitality of the new and young team. Indukuri Lifespaces will continue to create exclusive gated communities of vibrant and happy families.

The team and myself who have conceptualized this project have wide experience of having lived in residential gated communities, which has given us a deep insight into the specific needs of families residing in residential communities. Be it elderly parents, homemakers, working parents, school going kids, teenagers, or the domestic help, we understand the requirements of all stakeholders. This project has been designed in a manner that every inch of space is utilized to the best of its functionality keeping the aspect of beauty intact.

In the pages that follow, you will see careful thought has been given to each aspect of the project in its design - the architecture, elevations, floor plans, road network, spacing out of amenities, parks and open spaces catering to various people and requirements. Everything has been designed to detail and is unique to this project.

I welcome you to an enriching experience of a well planned gated community and joyful living.

Best Regards

Sidharth Reddy ...
